Embroidery finish

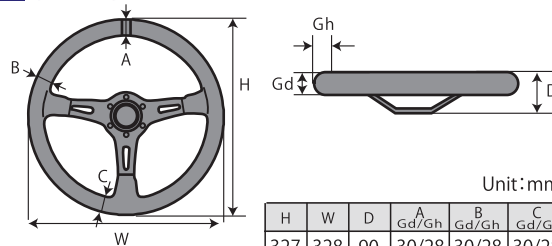

Deep cone type

【MOD.08 330mm】

The overwhelmingly popular deep cone type steering wheel from "MOD.08". To mark the 60th anniversary of MOMO's founding, the MOD.08 330mm was released as a model focused on racing, marking a return to the brand's roots. This steering wheel caters to users who want a different level of operability than the 350mm.
