ORIGINAL TITANIUM MATERIAL

To ensure and maintain reasonable price, supreme quality and stable supply, Expreme Ti is made from TOMEI original titanium that is refined from raw material and made into performance parts all under controlled environment.

■ **STRONG** The strong elastic properties of Titanium has allowed us to make the piping as thin as possible, without comprising strength for ultra light weight.

■ **DURABLE** The high heat and corrosion resistance properties that this muffler is made for gives maximum longevity, even with extreme harsh driving conditions.

SPEC

Detachable and telescopic end tip.

The gradation color of titanium enhances the appearance.
