# TITANIUM MUFFLER

JIMNY SIERRA  
for K15B JB74W

**ExTRACKTi**  
Titanium Exhaust System

New application added to the  
full titanium exhaust series  
presented by TOMEI!

**Full titanium sport exhaust system  
dedicated for weight reduction  
and flowing efficiency.**

Impressive weight reduction by titanium material with the big-mouth high flow design.

Enlarges the outlet diameter from the standard 42.0/50.8mm to 60.5mm while reducing the overall weight by 2.2kg.

The piping layout is designed to maintain the ground clearance not to spoil the off-road performance of Jimny Sierra.

APPLICATION SUZUKI JIMNY SIERRA JB74W

**JPY 139,000**

P/N: 441011

\* For off-road/competition use only.

#### ORIGINAL TITANIUM MATERIAL

To ensure and maintain reasonable price, supreme quality and stable supply, Extrack Ti is made from TOMEI original titanium that is refined from raw material and made into performance parts all under controlled environment.

■ **STRONG** The strong elastic properties of Titanium has allowed us to make the piping as thin as possible, without comprising strength for ultra light weight.

■ **DURABLE** The high heat and corrosion resistance properties that this muffler is made for gives maximum longevity, even with extreme harsh driving conditions.
